Come and Help Us With a New Church Building!

Disciples Volunteering and Disciples Home Missions are happy to announce a new mission station that will be opening on **October 1st**, 2015 in Lynnville, IL. Lynnville congregation is currently worshipping in a building built in 1833. The church has decided to build a new building next to the current one. The foundation is ready and now we need volunteers to help build the church and fellowship center. Mike and Julie Robinson of Bloomington are the Long Term Volunteers heading up this site under the direction of Josh Baird and the team at the home office in Indianapolis.

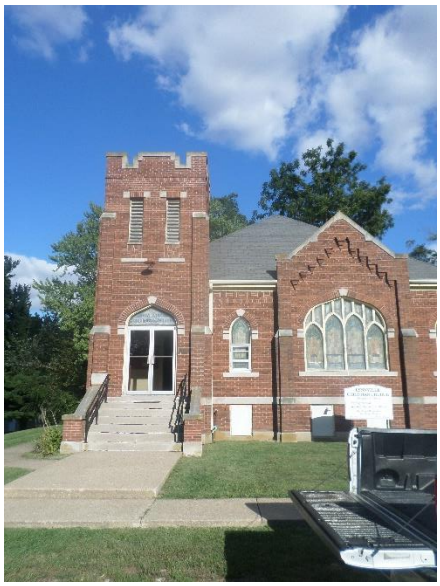

Central Christian church of Jacksonville, has graciously offered their building for sleeping and a shower trailer from DHM will be on site. The fee for groups is $25.00 per person per week. Groups will need to prepare their own breakfast and lunches. Evening meals will be provided. For groups wishing to come for a day or two and not using facilities there is no charge but you will need to provide your meals except dinner.

DHM will have tools on hand but bring your own if you wish. No experience is necessary.

Lynnville, IL is just west of Jacksonville, IL not far from any IL/WI Disciples congregation. So come on everyone let's get behind our fellow disciples and build this church.

Registration forms can be obtained currently by sending your date requests and information to Julie Robinson at jerobinson21409@yahoo.com or Carol Hungerford at lynnvillecc@gmail.com. Further questions about the build should be directed to Mike Robinson 309-275-5908.
