The Blue Theology Mission Experience

A learning and service experience in oceanic stewardship in Monterey, California.

Spring Break: March 19 – 25, 2017

The Blue Theology Mission Experiences provides an opportunity to explore a theology that understands Ocean Stewardship is a spiritual concern. It also provides a way to show how the the science of Marine Biology can inform our faith and help us find ways to live out our commitment to God's great creation of the ocean. The Blue Theology Mission Experience includes: Hands on projects include beach clean ups, sand dune restoration, and scientific data collection while being challenged to explore ways to promote ocean stewardship in your home community.

Attend An Information Meeting:

MONDAY, OCTOBER 10, 2016 at 7:00PM

or

MONDAY, OCTOBER 24 at 7:00PM

UniPlace Christian Church
403 S. Wright Street
Champaign, Illinois 61820
